Report of Principal and School Improvement Council

North District Middle School is a student-centered institution that provides academically challenging and engaging instruction to its students. Even though we are a rural school with a relatively high poverty level, we continuously revisit our academic program in an effort to meet the needs of the community we serve and to provide our students with a quality education. In addition to the regular classroom setting, our students are offered the following academic assistance: Literacy and Math Strategies Classes, Early morning tutorial classes, Study Island(Computer-Aided Instruction Program), and afterschool tutorial classes that provided transportation home.

We celebrated our students' success on PASS 2011-2012 by taking all students who scored exemplary across the board to Charlotte, NC. Our students were invited to be 'special guests of ' and observe a former NDMS student, who is now a judge, as he presided in court. Additionally, they enjoyed a fun-filled day at the Carowinds Amusement Park.

We are proud of the academic accomplishment of our students this year. Two of our students were named as Junior Scholars. Our students earned "211" Carnegie Credits (high school) while students at NDMS. Additionally, all of our students who took Algebra I passed the End of Course test for Algebra I and ninety-three percent of those taking English I passed the End of Course test for English I.

We held our first Academic Awards Banquet. It was for all students who made the honor roll for at least three nine weeks. There were 119 students invited, roughly thirty-three percent of our student body.

Our teachers play a major role in the success of our students and have been engaged in 252 days of professional professional development throughout the year. They use their common planning periods to collaborate and plan instruction that will improve student achievement based on research that addresses best teaching methods.

Our Athletic Department was a huge success. All of our teams did well and, although we didn't win any state championship, we learned good sportsmanship. The band and music departments did well this year also. We competed in many competitions and placed in most of them.

NDMS believes in community and partnerships so we participated in Relay For Life, the American Heart Association Drive, and other charities and raised over \$5000 in donations.

The first phase of our construction was completed December 2012. Our students were excited to move into the new building in January 2013. The final phase should be completed and ready for occupancy at the end of July 2013. We encourage all our parents, community members, and business community members to come see and experience NDMS for yourself.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	90.1
